1. INTRODUCTION

BOWRAL GOLF CLUB
INDEX of TROPHIES, EVENTS & AWARDS
Issue 1
APRIL 2011

This index records the various trophies, events and awards played at Bowral Golf Club. It sets out the playing conditions, presentation and awards details and a brief history where known. This Index does not include the Ladies Trophies.

Bowral Golf Club's Trophies are NOT awarded to individuals. The trophies are the property of the club and do not leave the club's premises. Exceptions are the Challenge Cup, Oxley Plate, the RPEYC Trophies and The Whales Tooth. In these cases the winning club holds the trophy.

In the past some trophies were endowed by members with the endowment funds placed into a Trophy Account to provide for future trophies. These endowment funds have since been incorporated into the club's general accounts.

The Index is also on the Bowral Golf Club Web Site.

2. HOW TO USE THE INDEX

To locate a trophy, event or award

- Use the Alphabetical Index at 6 to locate the particular trophy, event or award. The Alphabetical Index is not in strict alphabetical order, sometimes being in order of common usage.
- Locate the Reference Number in the right hand column.
- The trophies, events and awards are listed in the body of the Index in Reference Number order.
- For each trophy, event or award there is a description, playing conditions, award information and some historical information. Where possible a reference is provided to the books Stalley, Douglas 2001- *Bowral Golf Club 1901-2001* and Price, Les c1993 *A Brief History of Bowral Golf Club*.

The Dan Soutar Cup

After the success of the inaugural Southern Highlands Legends Classic In 2009, the organizing committee felt that the inclusion of a trophy for the professional competitors would help increase the standing and assist in the long term viability of the Classic for the future.

A cup was sought that would reflect the quality of the event and a silver cup, manufactured by Swatkins of England, was selected.

The name of the cup would be important as it was hoped to link the professional nature of the trophy with the history and tradition of the Bowral Golf Club.

Input was provided by several long standing members of the club and the name of Dan Soutar was proposed and "finally selected after consultation with the PGA.

Dan Soutar was born in Scotland and moved to Australia at the age of 20 on the encouragement of his good friend, Carnegie Clark.

He won the Australian Amateur Championship in 1903 as well as winning the NSW Amateur Championship in the same year and again in 1904.

In 1905, Soutar turned professional by accepting a position at Royal Sydney with Carnegie Clark. He went on to win the Australian Open at Royal Melbourne in 1905 and was runner up in the event six times in the next seven years. He also won the Australian PGA Championship in 1905, 1906, 1907 and 1910 and was runner up in 1911.

It was not long before his skill as a course designer became widely acknowledged where he was involved in the design or re-design of such courses as Kingston Heath and Royal Adelaide.

When the Bowral Golf Club secured the use of the land on its present site, Dan Soutar determined the layout for the "first 9 holes. These were, in order of play, the present "rst, second, sixteenth, thirteenth, "fifteenth (then a short par 3), third, fourth, seventeenth and eighteenth. With the exception of the "fifteenth hole, which was later extended after more land was purchased by the club, these holes have remained as originally designed.

The Dan Soutar Cup will be played for the "first time at the 2010 Heritage Park Southern Highlands Legends Classic and we look forward to

BOWRAL GOLF CLUB
INDEX of TROPHIES, EVENTS & AWARDS

APRIL 2011

congratulating the winners of this "ne trophy for many years to come.
